**Your team is scheduled every 21 weeks, please be in the kitchen around 10AM. It takes at least 6 people for set up and clean up. Please remember to throw out the used ½ and ½ creamer because of health code as well as put the sugar back into the large container due to ant problems when left out. Scrap food in trash cans making sure all food and paper do not end up in the sinks to clog. NOTE: PLEASE MAKE SURE TOGGLE SWITCH IS ON/OFF WHEN USING THE DISHWASHER.**

### SETUP AND CLEAN UP CHECKLIST

**TABLECLOTHES** – Kelvin Murphy, Custodian – Sets up the 3 round tables and puts the round tables clothes on and takes them off at the end. They are stored separate from our regular linen.

The (2) rectangular tables will get the white tablecloths that are stored in lower cupboard in server area, one for the Children’s Table on east wall, the other for the coffees and teas in front of the stage. At clean up take them to the hamper outside the kitchen door to be washed by staff maintenance. **DO NOT TAKE THEM HOME WE HAVE A MACHINE HERE.**

**GLASS MUGS, IRISH-STYLE** – Place 4 trays on rectangular table in front of stage. All settings are in the servery. Also (4) saucers to catch drips for urns and airpots.

**CONDIMENTS** – Fill (2) sugar bowls and get basket of pink sugars, place on front table along with stirs . Also get basket of tea bag assortment. Napkins can be put on all the round tables. These supplies are in the white closet next to the sinks in kitchen.

**BREW** – 1 or 2 coffee urns (55 cups of water to 3 cups of percolator coffee coarse ground). Brew a pot of hot water to put in airpot for tea and a pot of decaf to put in airpot (1 cup of decaf to 12 cups of water in BUNN coffee maker. Airpots stay hot for 8 hours so you can put all on the front table and the urn to plug in (it takes 30-45 minutes to perc) so plug in and turn on. If you want to bring and cut up a lemon for tea that is fine.

**MAKE & CHILL LEMONADE** – in plastic container as directions call about 2 -3 pitchers of water to a capful of lemonade is about right, stir, add ice if available (if not put in refrigerator until you come back down at end of service). Put on Childrens table with about 25 plastic glasses (in server area).

**CREAMER** – Half&Half , get 4 creamers from servery area, fill and chill in refrigerator until you come back down at end of service.

**COOKIES & OTHER TREATS** – Use about 6-8 trays (near dishwasher area) and sort them for variety and keep them covered. If you have refrigerated stuff store in small refrigerator next the large one. If you have large sheet cakes get forks and plates from servery area.
